hose Proposals!

On Tuesday, November 8, the voters of Crawford ounty will be called upon to cast their wishes on three date John Swainson is against it and hundreds of Demoeferendum proposals. One proposal is certainly nonintroversial but the other two have raised a ruckus arguments all over the state.

Proposal No. 1 is the non-controversial one on which lost people should vote "Yes". It provides an amendent to the State Constitution to allow the State of ichigan to borrow on its faith and credit to loan oney to school districts to pay certain school bonds. course, it provides for the levy of taxes in such hool districts to pay the loan back to the State. This ill allow school districts to obtain needed financing at much lower rate of interest than they now can find. his will be due to the state's faith and credit back of

Proposal No. 2 provides for an amendment to the ate Constitution for the Legislature to raise the sales x from 3 to 4 per cent. This, the Avalanche feels, deerves a "Yes" vote from every voter. Why? The almative is an income tax as sure as you are a foot igh. The cost to the average taxpayer, probably, would amount to about the same regardless of which is finally enacted by the State Legislature. But it is finally enacted by the State Legislature. But it is employees to collect, it while an income tax would did hundreds to the already over-burdened state payfoli. The sales tax increase would call for no more state of the sales tax increase would call for no more state.

office space whereas an income tax would without loubt call for an-entire new state building in Lansing. In the high school as had to us the biggest reason is that paying the sales ax would be relatively easy for the individual, a few learnies at a time. The income tax would hit you like a like of filling out forms too! Heaven protect us from nother.

The sales tax increase would call for no more state couple.

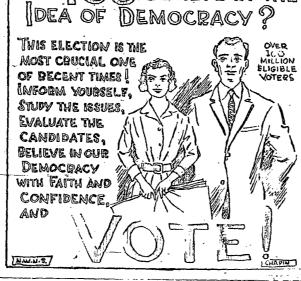

A special meeting of the voters of Grayling School District No. 1 was held in the high school as sembly room Monday night. It was called by petition to the Board of Education to consider the question of transportation for children living within the school district. After a brief discussion the matter came to a vote and was carried 57 to 1. This vote authorizes the school board to set up this service, and they are advertised.

Proposal No. 3 is the so-called "Con-Con" proposal. this service, and they are advertising for bids for three cars or a mamendment to clear the way for a State Constituonal Convention. REAR-ENGINE CORVAIR 95's THE TRUCKS THAT BEGAN WITH A WHEELS AND A FRESH IDEA!

Here are high-capacity haulers that offer the most accessible load space you ever saw. Think of up to 1,900 pounds of whatever you haul riding on a highly maneuverable 95-inch wheelbase. This design's a beauty. Features 4-wheel Independent suspension, integral body-frame build, thrifty air-cooled rear engine-all kinds of fresh new ideas about truck efficiency and economy.

TORSION-SPRING CHEVROLETS-WORTH MORE BECAUSE THEY WORK MORE!

You actually feel the advantages of independent front suspension in the almost total absence of I-beam shimmy and wheel fight. The driver rides easy, the load's better protected, tires take less abuse, the whole truck is subjected to far less damaging road shock and vibration. Efficiency goes up.

Profits follow. Look over the whole line — both types of Chevy trucks.

Word from the Jack Seators in Pontiac tells of their son, Robert being in an auto accident Tuesday of last week, with Mrs. Viola Hogenson and her son. The boys were being driven to school when a semi-trailer ran a red light and hit the car broadside, causing critical injuries to Mrs. Hogenson, and a broken nose and face lacerations to Robert, and bruises to the other boy. Robert is coming along all right now, at home, but Mrs. Hogenson is still on the critical list at the hospital.
